

CNC – PLANO TYPE MILLING AND BORING CENTER

Maker: Waldrich Coburg
Type: 20-10 FP 280
Control: Siemens 840 C
Year of Manuf.: compl.rebuilt by DST in 1998

Specifications:

| | | |
|-------------------------|--------------|----|
| Table Size | 17000 x 2800 | mm |
| Distance between Column | 3600 | mm |
| Max. workpiece height | 4000 | mm |

Double Table execution:

| | | |
|-----------------------------|-------|----|
| Clamping length-front table | 8500 | mm |
| X traverse – front table | 8900 | mm |
| Max. Table load-front table | 95000 | KG |

| | | |
|----------------------------|-------|----|
| Clamping length-rear table | 8500 | mm |
| X traverse – rear table | 8900 | mm |
| Max. Table load-rear table | 95000 | KG |

| | | |
|-------------------------------------|--------|----|
| Clamping length-both table combined | 17000 | mm |
| X traverse – both table combined | 17785 | mm |
| Max. Table load both table | 190000 | KG |

| | | |
|---------------------------|----------|-----|
| Drive- Milling Spindle | 75 | kW |
| Rotation- Milling Spindle | 8 – 1000 | RPM |
| Spindle Taper | ISO 60 | |

Accessories/Features:

- 10 various milling heads
- Hydro-static Table
- Cooling Device
- Chip Conveyor
- Steel Covers
